### ***Cardiovascular Research Scholar Award Program***

The St. Louis Heart Association and Washington University School of Medicine jointly announce the establishment of the Ella L. Buder and Ida Marie Peters Cardiovascular Research Scholar Award Program. These awards are intended to encourage the development of investigators competent to pursue independent fundamental research in cardiovascular biology and pathophysiology by acquiring in-depth experience with basic scientists and clinical investigators. No clinical responsibilities are included. Candidates are generally expected to have completed clinical cardiovascular training. These awards provide an annual stipend and supply allowance of \$25,000 for two to five years.

Inquiries accompanied by a curriculum vitae should be directed to Dr. David M. Kipnis, Chairman, Department of Medicine, Washington University School of Medicine, 660 South Euclid Avenue, St. Louis, Missouri 63110.

### ***Breast Cancer Symposium***

The Eleventh Annual San Francisco Cancer Symposium, "Breast Cancer: Its Impact on the Patient, Family, and Community," will be held November 14-15, 1975, at the Hyatt Regency, San Francisco, California. Topics to be discussed include medical treatment, psychological and economic impact on the patient and family, rehabilitation, management of advanced disease, and terminal care. The keynote speaker will be Mrs. Marvella Bayh.

The registration fee is \$75.00 before November 1, and \$90.00 after. Registration is free for medical students and residents. Make check payable to West Coast Cancer Foundation. This course is accredited for Category 1, Continuing Education for Physicians.

For further information, write West Coast Cancer Foundation, P. O. Box 7999, San Francisco, California 94120, or call (415) 563-5213.
