Reinhardt, R.R., E. Chin, J. Zhou, M. Taira, T. Murata, V.C. Manganiello, and C.A. Bondy.
The Journal of Clinical Investigation. Volume 95, No. 4, April 1995.

Pages 1528–1538.

The designation of PDE3A as “adipocyte” and PDE3B as “cardiovascular” type throughout the article should be reversed, in accord with recommended/generally accepted nomenclature (Beavo, J.A., M. Conti, and R.J. Heasley. 1994. *Mol. Pharmacol.* 46: 399–405). PDE3A is the “cardiovascular” type; PDE3B, the “adipocyte” type.
