### Corrigendum

Original citation: *J Clin Invest.* 2020;130(1):335–344. <https://doi.org/10.1172/JCI129937> Citation for this corrigendum: *J Clin Invest.* 2022;132(11):e161852. <https://doi.org/10.1172/JCI161852> The authors recently became aware that the standard errors for the diabetes group were incorrect in Supplemental Table 9. The supplemental data PDF has been updated with the correct information. This correction affected the P values, but not the effect sizes and directionalities. The authors have stated that all conclusions of the paper remain the same. The authors regret the errors.

The authors recently became aware that the standard errors for the diabetes group were incorrect in Supplemental Table 9. The supplemental data PDF has been updated with the correct information. This correction affected the *P* values, but not the effect sizes and directionalities. The authors have stated that all conclusions of the paper remain the same.

The authors regret the errors.
