At the request of the corresponding author, the JCI is retracting this manuscript. The corresponding author recently notified the JCI that multiple microscopy images in Figure 2B were previously published and were used to represent different samples in another publication by the corresponding author’s group (1). The authors have stated that experimental data produced ad hoc are consistent with those in the original publication; however, the paper is being retracted due to data duplication and misrepresentation in the original publication.

Erratum

A role for genetic susceptibility in sporadic focal segmental glomerulosclerosis

Haiyang Yu, Mykyta Artomov, Sebastian BräHLer, M. Christine Stander, Ghaidan Shamsan, Matthew G. Sampson, J. Michael White, Matthias Kretzler, Jeffrey H. Miner, Sanjay Jain, Cheryl A. Winkler, Robi D. Mitra, Jeffrey B. Kopp, Mark J. Daly, and Andrey S. Shaw

The scatter graph in Figure 4G was incorrect in the print version and the original online version of this article; a correct version of the latter has since been published. The correct figure panel is at right.

The JCI regrets the error.

Corrigendum

Anacetrapib lowers LDL by increasing ApoB clearance in mildly hypercholesterolemic subjects

Citation for this corrigendum: J Clin Invest. 2016;126(4):1603–1604. doi:10.1172/JCI87364.

In Table 4, the units for ApoC-III conc. were incorrect. The correct table is below.

The authors regret the error.
